

# WEEE recycling

Waste Electrical and Electronic Equipment

## Yes

IT & telecoms

Monitoring equipment

Printers

Desk top mini-fridges

DVD players

Wires & cables

Electrical appliances

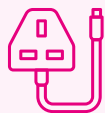

Fans

CDs

Phones

Chargers

Radios

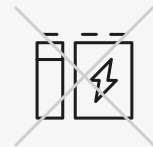

Medical devices

Toner & cartridges

Lighting

Batteries

**FACT**

### Nearly 1 million tonnes

of WEEE are discarded each year in the UK alone.

### Our solution

Items are sorted for recycling, separating plastics, metals and glass. These materials can then be manufactured into new products.
